

Does TAPPI Whiteness display on CFEZ?

FAQ: ["My customer asked me if we could read TAPPI Whiteness with the CFEZ."](#)

TAPPI Whiteness per TAPPI T1216 Indices for Whiteness, Yellowness, Brightness, and Luminous Reflectance Factor is the same as the CIE Whiteness Index and the ASTM E313 Whiteness Index.

It displays on the CFEZ display as "WIE" for illuminants C and D65.
